RAVENTÓS I BLANC

BLANC DE BLANCS 2023

RAVENTÓS I BLANC || The Raventós i Blanc estate, founded in 1497 and passed on through twenty-one generations to the present day, is a global reference for its viticulture methods. The estate, an agricultural organism surrounded by forests, a lake, and two hills that define the microclimate, is a living example of sustainable viticulture. The wines, with their unique character derived from the minerality of our soils and the demanding and respectful viticulture, are a testament to our commitment to quality and sustainability.

CONCA DEL RIU ANOIA - Penedès || In December 2012, Raventós i Blanc left the Cava DO to create a new designation: Conca del Riu Anoia. This small geographical area conveys strict viticultural traditions, the strength of the land, unique indigenous grape varieties, and the characteristics of the soils. Vineyards are farmed organically and biodynamically, and wines are all estate-grown, vintage-specific, and aged for a minimum of 18 months.

BLANC DE BLANCS 2023 ||

BLEND | 50% Xarel·lo, 35% Macabeu, 10% Parellada, 5% Malvasia de Sitges

VINEYARDS | From the plots *La Barbera*, *La Plana*, *El Plat* and *El Viader* which have deep calcareous soils with a sand-rich loamy texture giving freshness and elegance and *El Llac*, a 40 year old plot with marine fossils providing structure and complexity. Biodynamic viticulture.

WINEMAKING | Made in the traditional method. Vinification in stainless steel tanks followed by secondary fermentation in bottle, aged for a minimum of 18 months. Extra Brut.

PRESS | 92 VIN | “The wine opens with simple aromas of white fruit, light pastry, wafer and a touch of lime. Dry at 4.5 g/l, it offers a palate of tension with a chalky note on the finish.”

PRESS | 92 WA | “The 2023 Blanc de Blancs has a textbook nose of Mediterranean sparkling with notes of aromatic herbs, dry hay and straw, reflecting the third year of extremely dry conditions in the zone that delivered a small crop that was harvested earlier than ever and resulted in more concentrated wines. It has a vibrant palate with abundant small bubbles and a spark of freshness and is balanced, clean and easy to drink.”
