## REVIEWS – 2022 SONOMA COUNTY CABERNET SAUVIGNON

### 91 points • Vinous

“The 2022 Cabernet Sauvignon (Sonoma County) **might very well be the single greatest Cabernet Sauvignon from California in its price range.** Savory and mineral Sonoma notes run through a core of purplish fruit, gravel, incense, licorice, chocolate and dried flowers.”

### 92 points • Wine Enthusiast

“Lively aromas of dusty cherry, licorice and black pepper mingle on the nose of this decadent wine. The palate brings richly textured black cherry, cocoa and anise flavors that evolve for about a minute across the finish. **Loving the value here.**”

### 91 points • James Suckling

“This wine captures the complexity, structure and fruit purity of Sonoma County and **certainly over-delivers for the price.** Dried herbs, graphite and a mix of raspberries and blackberries on the nose. Flavors of violets, black cherries and resinous herbs carry over from a juicy, sumptuous mid-palate to a dry finish with chewy tannins.”
